Craving a margarita but can't drink? Or serving a crowd and need a non-alcoholic option? Enter the Margarita Mocktail! It's tangy and refreshing, punctuated by that classic salt rim. Are there any cocktail drinks more refreshing than a mojito? This iconic Cuban drink is one of the greats. Here's a recipe for it that's spot on perfection: not too sweet, bubbly, and minty fresh. For the mocktail version, just omit the rum! Or for our favorite version, substitute double the simple syrup for orgeat, an almond flavored syrup that adds a delicious complexity.

Piña Colada Mocktail

£9

A virgin piña colada is really just a fancy name for a pineapple smoothie...but giving it a mocktail mo niker makes it all the more fun! It comes out frosty and tropical, with a hint of fruity coconut and just sweet enough. It's the mocktail spin on our Frozen Piña Colada: hold the rum.
